## NEW TOOL OVERVIEW XRH011TWX

### LXT® BRUSHLESS

#### FEATURES

- Powerful BL™ Brushless motor delivers 0-950 RPM, 0-4,700 BPM and 1.7 ft.lbs. of impact energy to handle the most demanding applications
- The BL™ Brushless Motor eliminates carbon brushes, enabling the BL™ Motor to run cooler and more efficiently for longer life
- Extractor is powered by a separate motor to maintain peak drilling performance and provide a 2-second delay to help capture remaining dust
- Transparent dust container provides needed visibility in determining when the dust box needs to be emptied
- Variable speed trigger enables user to match the speed to application for greater versatility
- Multiple Chisel Positions to align tool more comfortably with the application
